Hellooo guys!!

Many of you would have already heard that I've resigned and today is my LWD, either directly from me or through the usual **gossip network** 🤔. So yes, it's official.

When I joined LV, my agenda was pretty simple: **don't get too close to anyone, focus on my career and move on**. But somehow, you guys completely changed that plan for me. From day one until today, whenever I think about all the memories we've made, I still end up smiling. Honestly, **the best part of my LV journey was the people I met, especially during bootcamp**. ❤️

I'm going to miss all those random gossip sessions, mocking sessions, group study sessions that were barely about studying 🤔, and all the games we used to play when none of us had any work initially. And honestly, I still feel lucky that I ended up sitting on the **last bench during bootcamp**. I got to watch all the chaos, all the fun, all the little things we did to make those days memorable. Those are the things I know I'll remember for a very long time.

Now comes the slightly serious part. At some point, we all have to move on, drift apart a little for our careers, grow, and take the opportunities that come our way. I've got an opportunity to do that now, and I've decided to take it. I genuinely wish **each and every one of you** the very best. I hope all of you grow, do amazing things and achieve whatever you're aiming for.

And please, if anyone of you starts a company or a startup someday, **DON'T FORGET ME**. 🤔 I'm available for employment, CEO position would be preferred 😊

But seriously, this is **not an end**. We're all just moving into different chapters. So let's not become those people who say *"bro, definitely we should meet sometime"* and then disappear for 5 years. 🤔

Let's plan some wild adventures. At least ONE trip all of us together. No excuses. 🌍 🚀

Thank you for making my time here so memorable. I'm genuinely going to miss you guys. Take care, guys. Keep growing, keep irritating each other, and please don't forget me. ❤️

And just to end this with a little trip down memory lane with my fav pictures...

This is how it started.

Our first-day picture, completely unaware of the amount of chaos that was about to follow. 🤔

This is how good it became.

All the celebrations, random plans, and memories in between. ❤️

Last Time We all were together

But I'm not letting this be the last version of us.

One day, we have to recreate that very first picture. Same people, same pose, hopefully with a little more maturity... although I have serious doubts about that last part. 🤔

Disclaimer: All those gay jokes were purely for fun. I'm perfectly straight, btw. 🤔 (Idk about Haney tho 🤔)

Drafted with heart; didn't use chatgpt (Trust me guyssss)

Thanks & Regards,

Hi Logesh,

Wishing you all the best in your next chapter. The time we spent during the bootcamp was truly great, and I really enjoyed all the memories made along the way.

Keep in touch and all the very best for your future endeavors!

This is an automated reply using Gemini!

Best regards,
Vivek G
